

What's coming? What will you see — even this decade?

The Word of God began in what God calls the “center of the world” — Israel — and then spread westward. It's this part of the world — the West — that's being affected by the Seals of Revelation, which are God's first end-time judgments.

The Seals have unleashed an unprecedented time of lawlessness in the West, as described in 2Timothy 3:1-5. All of this will lead to the Battle of Hamon-Gog at the Sixth Seal of Revelation.

What is the difference between Hamon-Gog and Armageddon?

The Battle of Hamon-Gog occurs at the Sixth Seal, and is a war among the sons of Noah. Noah's three sons populated the whole world. Shem is Israel; Ham is middle-eastern countries; and Japheth is everyone else. At Hamon-Gog, Ham and Japheth (Magog) will come against Israel.

The Battle of Armageddon happens at least seven years later, and comes at the Seventh Trumpet of Revelation. Whereas Hamon-Gog will be a war among mankind, Armageddon will involve all of God's creation: men, heavenly beings both good and bad, and even the Lord Himself.

Battle of Hamon-Gog / Sixth Seal

- World war: Russia, Iran and others invade Israel
- A multitude of nations gathered: Ham [middle-eastern countries] and Japheth [all other countries] against Shem [Israel]
- Magog will come out of the north parts [Russia] / a horde of troops
- Great earthquake / mountains and walls thrown to the ground
- Every man's sword against his brother [sons of Noah]
- God bringing pestilence, blood, hailstones, fire, brimstone
- God sending fire [nuclear] upon Magog [Russia] and the isles [USA, UK, Australia, and others]
- Israel burning enemy weapons as energy for seven years
- Israel burying the dead for seven months
- Sun black / moon red like blood
- Every island and mountain moved
- Men hiding in rocks and caves **“from the wrath of the Lamb” (Revelation 6:16)**

At the Seventh Seal, seven trumpets prepare to blow. As a trumpet blows, a bowl of God's wrath is simultaneously poured out on the kingdom of the antichrist, which is located in the “center of the world” around the Mediterranean Sea. This is where the ancient kingdoms of Egypt, Assyria, Babylon, Medo-Persia, Greece and Rome were located.
